

NEWSLETTER - JUNE 2021

BRISBANE'S LARGEST LIVE CANVAS FOR ARTS AND ENTERTAINMENT.

It was great to see an audience of over 5,000 people on the Riverfront Event Site enjoying music from some of Australia's biggest dance acts. Day For It was a celebration of the return of live dance music and as the sun set, it was easy to see why Northshore is becoming the preferred venue for large-scale entertainment. The riverfront backdrop and outdoor capacity, supported by ample parking and city access is attracting enquiry from many national and international productions. Next up the site is preparing to get a little cooler as we look forward to welcoming The Winter Village to Northshore.

5 STAR COFFEE AT NORTHSHORE!

In the area and need your coffee fix? Let Hamilton Espresso take care of you. Sit and sip or get it to go; the team is brewing Monday to Saturday and will welcome you with a smile (and a warm cup of Joe!)

Monday - Friday 6am-2pm

Saturday - 7am-10am

381 Macarthur Ave Hamilton 4007

Construction Update

Northshore's role in fast-tracking delivery of state projects to create jobs and leverage private sector investment in Queensland, is now starting to take effect. Construction has commenced in several Northshore locations, including refurbishment and upgrades to "The Workshops" and "The Shed". 2021 is set to be an active year at Northshore with the work Economic Development Queensland (EDQ) is undertaking as master developer as well as buildings being completed or commenced by Frasers Property at Hamilton Reach and Alceon at Business Technology Park (BTP) Northshore. To stay informed with the latest updates, please ensure you are subscribed to the Northshore Have your Say Page at <https://haveyoursay.dsdmip.qld.gov.au/northshore>

Any travel or pedestrian interruptions will be communicated via the Have Your Say page. If you have any questions in relation to these works, please contact us through the Have Your Say webpage <https://haveyoursay.dsdmip.qld.gov.au/northshore> or email edqengagement@dsvti.qld.gov.au

WHAT'S ON AT NORTHSHORE?

Immerse yourself in a new wave of Brisbane culture. Northshore is the city's largest canvas for celebrating and engaging with art, history and recreation. We host the events that think bigger – way bigger. Look at just some of the incredible experiences we'll be delivering to your doorstep this year.

The Winter Village	June 4 – August 29 2021
King's Cup	4 September 2021
Sculpture by the River	September – October 2021
Magic Mike Live	23 November 2021 – 2 April 2022

NORTHSHORE SERVES UP ACES WITH LIVE ON THE LAWN!

As the sun sets on the Northshore summer, it is time to reflect on another successful and immersive event. Over 320 people braved the wind and rain and donned their tennis whites over three nights of Australian Open fun! The weekend was all about celebrating the “summer of tennis” with lawn games, pop up bars and jumping castles...and of course The Australian Open on the big screen.

The Northshore Tennis Park team were amazing hosts for the event and gave an insight into what makes this space so exciting! Here's what they had to say about Live on the Lawn 2021:

Q – What do you think makes Northshore a great destination for events like these?

A – The mix of vibrant and new infrastructure, and new and developing businesses as well as world class areas and parks.

Q – Are you hoping to have more events like these in the future?

A – Yes, the activation for the centre was great! We have had many new enquiries since the event and hope to replicate smaller versions for other Grand Slams.

SO-LAR, SO GOOD!

Prohelion, a Northshore Brisbane start-up specialising in high-powered, lightweight mobile battery systems, has entered into an agreement with Tritium to licence their solar racing products, including the IQ Battery Management System (BMS) and WaveSculptor Motor Controller. Prohelion plans to use the Tritium intellectual property (IP) to manufacture battery management systems and motor controllers under the Prohelion brand and to utilise this technology within its other product lines. Announcing the agreement, Prohelion CEO Anthony Prior said, “Tritium is a respected name in the industry, and we will be leveraging the many years invested by Tritium to produce reliable, robust and high performing solutions. The Tritium BMS is widely used among solar car teams due to its light weight, functionality and supporting software and systems. It is regarded as the first choice when building a solar car battery.” Tritium, a Brisbane-based DC fast charging manufacturer for electric vehicles, got its start creating technology for the solar racing community.

Northshore is the place innovators call home. If your business is looking to expand, there's no better place than Northshore Brisbane. If you would like to talk to one of the team about business opportunities at Northshore please email us at northshorebrisbane@dcdilgp.qld.gov.au

THE SIGHTS AND SOUNDS OF PORTSIDE

Experience the ambient sounds of Portside Wharf as the cooler air sets in! Portside will have a live pianist playing every Saturday through May and June. Grab a bite to eat, indulge in some retail therapy or enjoy a nice stroll along the river while being serenaded with some classic music. Don't forget to use [#immerseyourself](https://twitter.com/immerseyourself) to share your experience online!

Saturday 22 May and 5,12 and 19 June – 11.30am to 2.30pm
